INSERT:

ITEM	CASH ALLOWANCE
1. Per Annex A Specifications Section 03 30 00 Cast-in-place concrete. Allowance for purchase of special aggregate.	\$770,000.00
2. Hydro and Natural Gas site service work.	\$70,000.00

2. Question and Answer

Q1: Rooms 122, 123, 124, 140 and 141 are shown to be on raised floors on the raised floor plan and to receive static dissipative resilient tile on the floor finish plan and RFS. Installing resilient tiles directly on raised floors voids the product warranty. The only way to keep the warranty is to have the tiles pre-installed on the raised floor panels at the factory. Please advise? Should I exclude all resilient on raised floors?

A1: Rooms 122, 123 and 124: use raised floor manufacturer static dissipative tile, tiles will be factory installed. Colour will be selected by the department representative from the standard colour selection of the manufacturer.

Rooms 129, 140, 141: use raised floor manufacturer standard tile, tiles will be factory installed. Colour will be selected by the department representative from the standard colour selection of the manufacturer.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
