Solicitation Amendment 005

This solicitation Amendment is raised to answer the following questions and to make RFP amendments where applicable.

Q 026)

For both work streams 001 Peoplesoft and 002 SAP, M2 and R2 requires the Bidder to provide details of experience “involving a transition-in” for multiple contracts. Please confirm that the following situations are acceptable:

Q 026a)

A situation where it was a new initiative (therefore no incumbent contractor) so the transition details to be provided would include a description of the activities related to a contract/service start-up.

A 026a)

No, this is not acceptable

Q 026b)

A situation where the Bidder was already the incumbent service provider so the transition details to be provided would include a description of the activities related to the transition from the existing to new contract

A 026b)

it is a transition so yes, this is acceptable

Q 027)

Please confirm that the contracts presented in Stream 1 must be for PeopleSoft application services only.

A 027)

We are looking for Bidder's experience in providing quality maintenance resources therefore referenced projects do not necessarily need to be for Peoplesoft application services only

Q 028)

Please confirm that the contracts presented in Stream 2 M1 must be for SAP application services only.

A 028)

We are looking for Bidder's experience in providing quality maintenance resources therefore referenced projects do not necessarily need to be for SAP application services only

Q 029)

Q 029a)

Please clarify how the funding will be allocated if there is more than 1 successful bidder i.e. percentage for each bidder if there are 2, 3 or 4 successful Bidders.

Q 029b)

On what basis and how will the back-up contractors be called upon?

A 029a and b)

Details regarding the number of expected contracts and the allocation of Task Authorizations can be found in Part 1 General Information clause 1.2 (a) and Part 7 – Resulting Contract Clauses, 7.2 Task Authorization, Allocation of Task Authorization and Ranking respectively

Q 030

Could the client confirm if any firm/individual is currently performing this or similar work or has done so in the last 12 months. If yes, have they been invited?

Q 030a)

If there is an incumbent, would you please provide the name of the supplier(s), contract(s) date and total amount paid for the services?

Q 030 b)

If there is no incumbent, was there any firm/individual performing work related to the systems described for either of the 2 streams in preparation for this new contract?

A 030a)

all qualified TBIPS SA holders are invited to bid on this requirement. This requirement (including resource categories and elements of the Statement of Work) has evolved considerably from past contractors – it is not a direct follow on requirement.

A 030b)

there was no firm or individual performing work related to the systems described for either of the 2 streams in preparation for this new requirement.

Q 031)

For both streams it remains unclear how many references are required in order to score full points. For example it states:

“Over and above the three references required for M1 – maximum 30 points

A 031)

Actually the RFP does not say that, it says

“Points will be awarded for experience over and above that required for M1”

The mandatory criteria says 3 contracts therefore any experience over and above the 3 contracts required will provide points.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME
