This amendment is raised to address the following:

- To respond to questions received during the solicitation period:

Q6) Note 4 on page E2.1 states "Engage and pay for the building fire alarm contractor to supply, install and verify new, as well as relocate and verify existing fire alarm devices". Would you please confirm by issuing contact information for the RCMP fire alarm contractor?

R6) This information will be given to the contractor upon award of contract.

Note: The High Density shelving is to be removed from the tender (all preparation for this work remains-Ex: floor structural work remains).

The RCMP will arrange the supply and installation of all the High Density Shelving and work with the contractor to schedule installation near the end of the project or after completion.
