SR2.2 Proponent Experience and Qualifications

The Proponent must demonstrate that the proposed Code (building and fire code) Specialists are Architects or Engineers licensed in any of the provinces/territories of Canada to practise Code Consultancy in their applicable jurisdiction. Proponents must provide proof of the licences should such be requested by the Departmental Representative. The Code Specialists must have experience dedicated to fire protection and building code services in accordance with the table below. The Senior Partner must be a licenced Architect or Engineer and must have a minimum of ten (10) years in either field. Related experience for all proposed resources must be within the past ten (10) years. Reference checks may be sought to verify the information in the bidder's proposal.
