

ANSWERS TO QUESTIONS**QUESTION 002 – SUBSTITUTES:**

Currently, below spec from above mentioned project documents call for SIKAGARD SN40.

Fisheries and Oceans Canada		Section 03 25 00
Sorel Base	Concrete Accessories	Page 4
Project: R.3380-9L275		

- .17 Sealer for concrete surfaces: Silane based sealer such as Sikagard SN40 from Sika Canada or approved equivalent.

We would like to request that our PENTREAT 244-40 please be reviewed for alternate acceptance. Attached are the relevant documents to assist and if you could please let me know if acceptable, it would be greatly appreciated.

ANSWER TO QUESTION 002 – BY STRUCTURE:

The sealer Pentreat 244-40 of W.R Meadows posses the same performance and characteristics than the sealer Sikagard SN40 of Sika mentioned in the specifications. The substitute is accepted by STANTEC.
