**Amendment No. 001 issued to amend W3555-189306/A solicitation as follows:**

**1.0 Publish answers to enquiries received from potential bidders (Q&As)**

Number	Question	Answer
1	Why are you putting this product category out to tender?	The material management concept of operations in FMF Consolidated Facility has been established to ensure timely provision of tools/materials to meet operational requirements.  "Ready-Use" material is defined as low value, high volume, non-tracked goods that are receipted, stored and issued as consumable (pre-expended) items.
2	What are some of the challenges you are facing today with your current system?	Maintaining the minimum and maximum level of material to support the facility and operational requirements.
3	Before the bid is submitted, will there be an opportunity to come on site and explore your system in its current state to better understand how we can make improvements?	As per section 1.2.1 of the bid solicitation the bidder has the option to visit the work site prior to placing bid on the following dates:  <b>FMF Cape Breton on August 22 2018. The site visit will begin at 0830 hrs PST.</b>  <b>FMF Cape SCOTT on August 29 2018. The site visit will begin at 1000 hrs AST.</b>
4	Will there be an opportunity to present solutions and ideas to improve that system?	Yes there will be an opportunity to present solutions and ideas to improve that system.
5	I see Vending will be a part of this tender. What types of products are expected to be vended?	Vending Options will be based on what vendors can provide but also tailored to the requirement of each FMF organization at any given time.  It will be initially used for Personal Protective Equipment, (eyeglasses, earplugs, gloves, etc.) but could/would expand that to any number of other contract supported commodities.
6	Approximately how many vending machines will you require?	Will depend on what the supplier can supply, (Between 1 and 5).
