Solicitation Amendment 002 is issued to amend the specification based on responses to questions submitted to the Contracting Authority.

QUESTIONS AND ANSWERS

1. Page 5 spec# 18-H011-18-04 part 2.3.5 requires the lifeboats to be fire protected based on the wording of this section it implies the lifeboat is to be supplied with spray & air as per tanker version lifeboats.

Please confirm that the boats are to be supplied based on tanker version lifeboats outfitted with spray & air. The addition of spray & air systems adds additional weight to the lifeboat.

Response:

Within Annex A, the portion of section 2.3.5 that reads "Lifeboat when waterborne shall be capable of protecting persons on board when subjected to a continuous oil fire that envelopes the lifeboat for a period of not less than 8 minutes in accordance with TP7320E" can be removed. This is only applicable to lifeboats that operate in off shore oil operations.

Within Annex C, Section A, Mandatory Technical Criteria 19 shall be deleted in its entirety.

All other terms and conditions remain the same.
