This solicitation amendment 003 is issued to:

1. Answer questions from the bidders.

The following question has been submitted. The response is provided as indicated.

Q1. Could you please confirm that the term knuckle-boom is used in the RFP as an all-encompassing term for cranes with at least one pivot point? Therefore, cranes will be considered valid whether single or double knuckle, extension, knuckle + extension, etc. Per footnote 1, on page 8 of 80 within the SOW: "Please note the term knuckle boom crane will be used as an all-encompassing term for an articulated crane with or without more than one pivot point. Its abbreviated definition will be KB"

R1. *DND confirms that the term knuckle-boom (KB) is used as an all-encompassing term for an articulated crane with at least one pivot point. For clarity, a KB crane with one or more pivots points, which may or may not include an extension is acceptable. An 'extension' only crane with no pivot point(s) is not acceptable.*

All other Terms and Conditions remain the same.
