### **Amendment 003**

This Solicitation Amendment is raised to Incorporate Addendum 001 to:

1. Address questions from prospective bidders
2. Amend the Specifications and Drawings, and
3. Amend APPENDIX 1 – COMBINED PRICE FORM (2 PAGES) of the Invitation to Tender document.

APPENDIX 1 – COMBINED PRICE FORM (2 PAGES) is replaced with APPENDIX 1 – COMBINED PRICE FORM (2 PAGES) – *REVISED*. This APPENDIX 1 – COMBINED PRICE FORM (2 PAGES) - *REVISED* supersedes any previous versions.

Failure to complete and submit the APPENDIX 1 – COMBINED PRICE FORM (2 PAGES) - *REVISED* with bidder's submission will render the bid submission NON-COMPLIANT and will be given NO further consideration.

**See attached Addendum 001**

**All other terms and conditions remain unchanged.**

**This Addendum forms part of the Contract Documents and must be read, interpreted and coordinated with all other parts.**

## **1.0 QUESTIONS AND ANSWERS**

1. Section 01 11 00 1.11.4 indicates Site Works to be completed by October 1<sup>st</sup> which leaves little time to complete the work, can the excavation work extend past the deadline of October 1, 2018?

*Yes: The excavation and backfilling for the areas marked on the specification drawing #18-00338-03A must be completed by October 5, 2018, however; the contractor can stockpile contaminated soils onsite in an area agreed upon by the Departmental Representative. Stockpiled contaminated soils must be removed from Site and transported to the approved licenced facility by October 31, 2018.*

2. As suggested at the bidders meeting the culverts currently stored at Mill Creek could stay at the Gravel Pit, has this been confirmed?

*Yes: The culverts are to stay at Mill Creek Pit and do not need to be transported to Steamboat, the revised Unit Price Table has been included.*

3. Are there any other areas at Mill Creek Gravel Pit that can be used for backfill?

*Yes: A third area has been identified as shown on the revised drawing #18-00338-08 attached.*

4. Please confirm that contractor will not be penalized for not completing project as per the line item amounts by October 1, 2018.

*If the Contractor demonstrates, to the Departmental Representative's satisfaction, best efforts to complete the Work, but not all contaminated soil was removed by the completion date, then Canada would normally not seek compensation from the Contractor.*

5. Based upon the short tender turn-around time and requirement to source additional transport and excavation units to meet the clients objectives can the tender due date be extended by 48 hours?

*There will be no extension to the tender period.*

## **2.0 AMENDMENT TO SPECIFICATIONS AND DRAWINGS**

### **1) Revised Summary of Work – Section 01 11 00 Schedule Requirements**

Previously included in Section 1.11.4 Site Works: Final Completion Date no later than 2018 Oct 01.

This has been replaced with the following:

- 1.11.4 Site Works: Final excavation and backfilling completion no later than 2018 Oct 05. Contaminated soils can be stockpiled on Site in an agreed upon area by the Departmental Representative with removal and transport of soils to an approved licensed facility to be completed by no later than 2018 Oct 31.

**2) Plans**

Drawings revised for addition of third area which can be used for backfill at the Mill Creek Gravel Pit (Km 552).

1. Drawing 18-00338-08

**Replace with attached Drawing 18-0038-08-Rev03.**

**3.0) AMENDMENT TO APPENDIX 1 – COMBINED PRICE FORM**

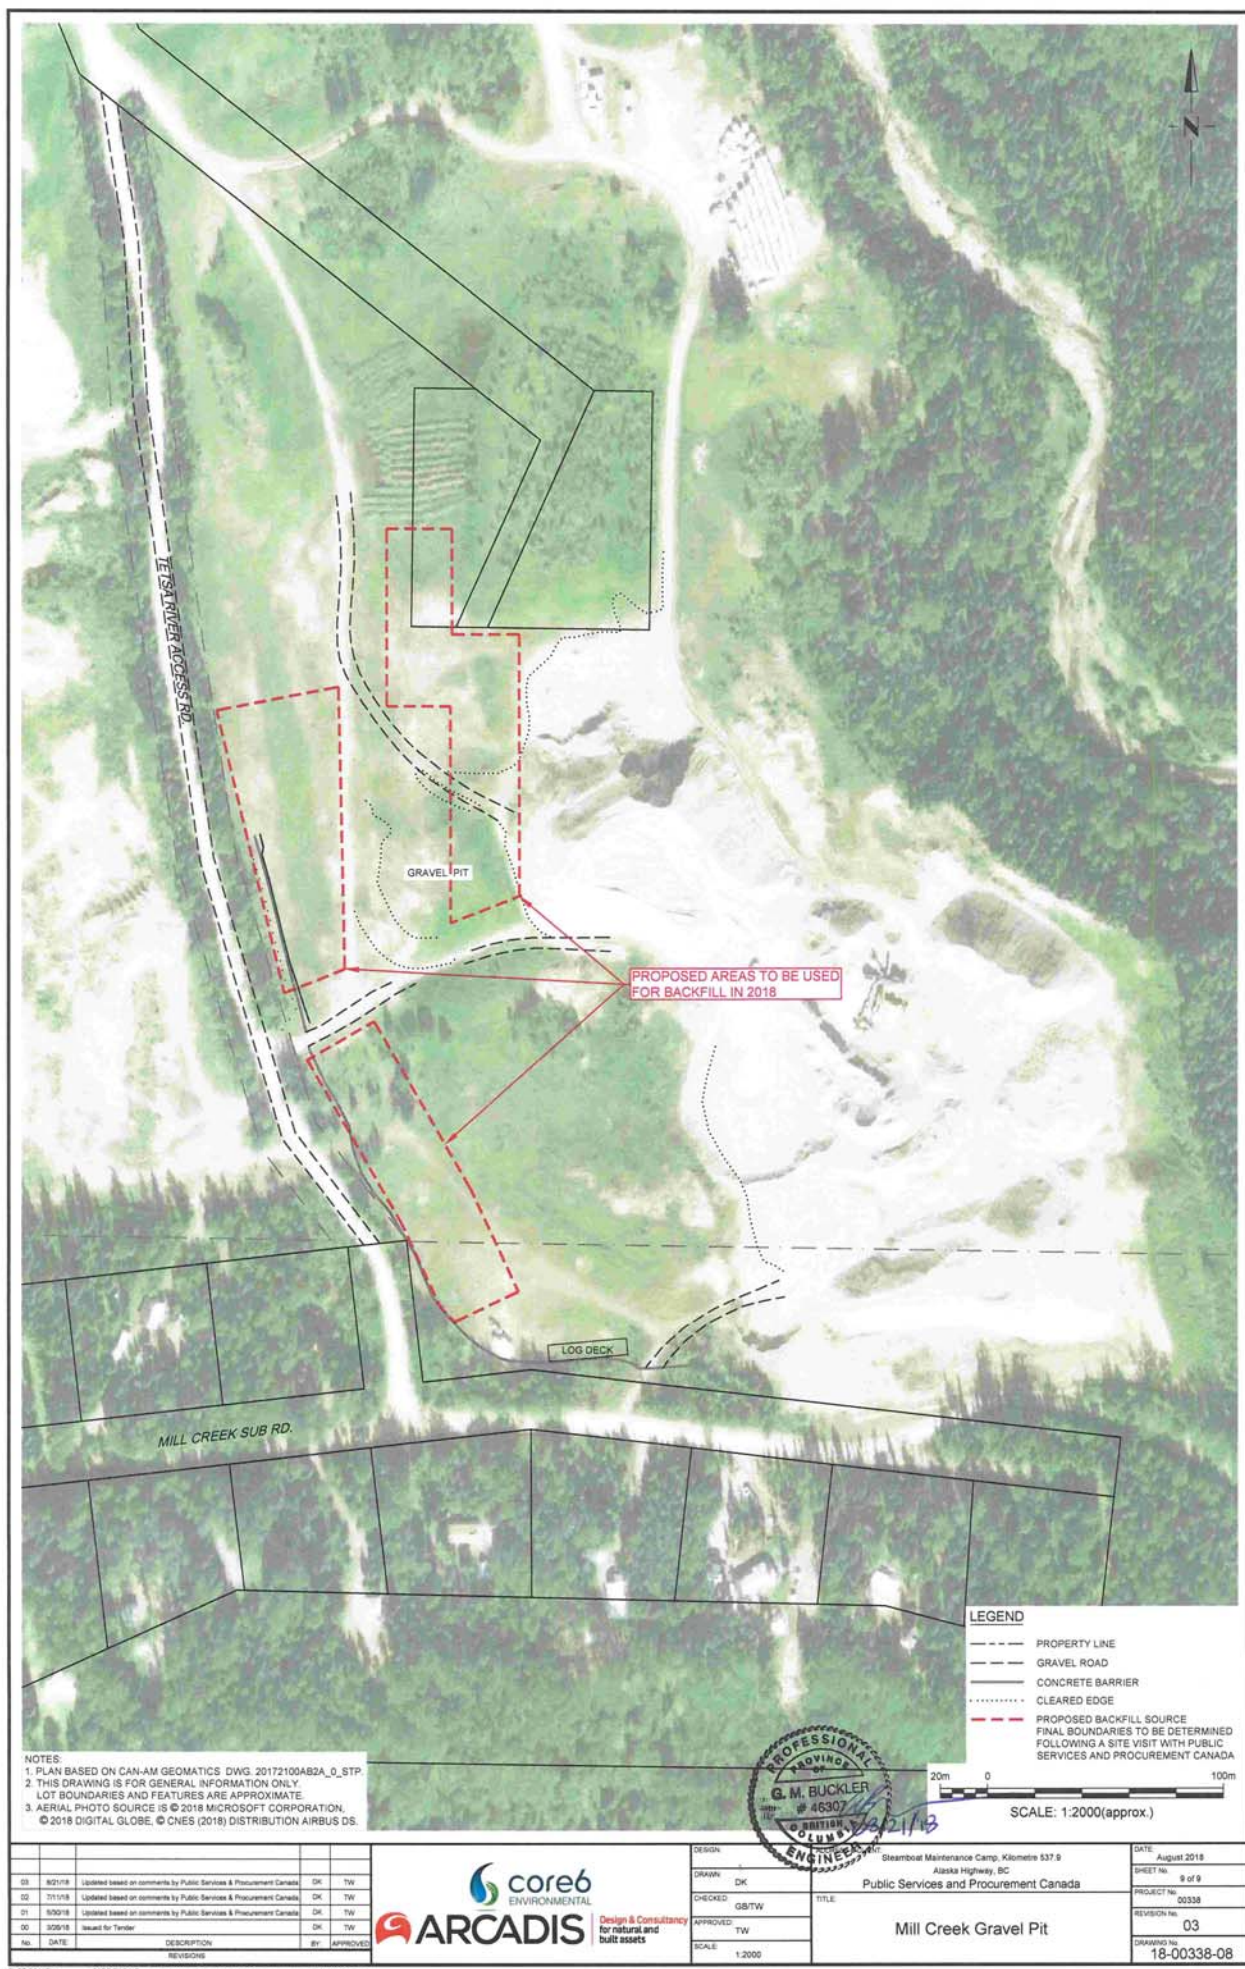

Previously issued APPENDIX 1 – COMBINED PRICE FORM (2 PAGES) is now replaced with APPENDIX 1 – COMBINED PRICE FORM (2 PAGES) - *REVISED*. **See attached** APPENDIX 1 – COMBINED PRICE FORM (2 PAGES) - *REVISED*

This APPENDIX 1 – COMBINED PRICE FORM (2 PAGES) - *REVISED* supersedes any previous versions.

Failure to complete and submit this APPENDIX 1 – COMBINED PRICE FORM (2 PAGES) - *REVISED* with bidder's submission will render the bid submission NON-COMPLIANT and will be given NO further consideration.
