## **Amendment 001**

This amendment is being raised to make changes to the bid and acceptance form and to make changes to the specifications.

### **A. BID AND ACCEPTANCE FORM**

#### **In Section BA06, Construction Time**

**DELETE:** The Contractor must perform and complete the Work by November 2, 2018.

**INSERT:** The Contractor must perform and complete the Work by November 30, 2018.

### **B. SPECIFICATIONS**

In Section 01 11 00, Summary of Work

**DELETE:** "Complete work of this project by October 31, 2018."

**INSERT:** "Complete work of this project by November 30, 2018."

### **C. QUESTION AND ANSWER**

**Q1.** The contract documents mention a permit for the electrical work. Since the work is in a national park, would not the park work permit be the only permit required? I don't believe provincial authorities have jurisdiction of National parks. However I would like confirmation of what exact permits need to be acquired for this project.

**A1.** Parks Canada Agency will be issuing a Building Permit internally for this project. Additional inspection and permitting requirements are found in Section 01 45 00 - Quality Control.

**All other terms and conditions remain unchanged.**
