Part 2. Questions and Answers

The following question(s) have been asked in response to the Request for Proposal and Elections Canada hereby answers as follows:

2.1 Question No. 1

Question:

The bag is folded at the top by 1". From the picture, it appears the handles are die-cut between the folded 1" top and the single wall bag itself, and doesn't appear to be completely reinforced. Is this intentional? If not, should there be a plastic film (or another cardboard) around the die-cut to reinforce it? Alternatively, the fold can be increased to 2.5" and a handle die-cut through, and this will be a lot better than the 1" fold.

Answer:

Yes it is intentional. The use of this bag does not require additional reinforcement measures for the handle.

2.2 Question No. 2

Question:

Can the PDF for both the English / French logo be provided so we can give an exact quote?

Answer:

The text and logo (English and French) are on the die of the bag (see die sample attached). Typesetting is not required.
