AMENDMENT 003:

QUESTIONS AND ANSWERS:

Q.: Is it fair to assume the unit is a room or suite? For example the routine cleaning estimated units is 6000. So it would be 6000 units for the year.

A.: It is fair to assume that it could be a room or suite. Also 6,000 represents the max estimated amount to expect. The routine would be more from 3,000 to start and up thereafter. You can assume also that this number will vary daily.

Q.: Is it possible to know what the inventory of the prototypes of rooms is? 0130S suites VIP ---0131S ---0133 transit rooms (Beds, sofas etc.)

A.: here is the list of items

- ***0130S : VIP Suite: Bed, table, night table, TV and stand, 4 chairs, a microwave with stand.***
- ***0131S : Bed, table, night table and a microwave with stand.***
- ***0133 : Transient quarters : Bed, table, night table, small desk with hutch, a microwave with stand and 1 chair.***

Q.: What is the population of the base?

A.: about 7,500 pers.

Q.: Or can we take the occupancy from the sector description?

A.: Descriptions and occupancies in para 7.1 from the base document under each building. Occupancy may vary from 700 to 3000 pers/Week; especially during summer season.

Q.: In the foreman's experiments, the complexity of the work must be comparable to office and / or commercial buildings. Can it also be educational buildings and health care centre?

A.: Yes educational but not health care center.

Q.: In the foreman's mandatory skill and experience, at point b you ask for the foreman's experience by mentioning a cleaning and maintenance contract project. What do you mean by project or market project?

A.: This necessarily means that the foreman must have enough experience to have been exposed in the past recent years, in implementation, development, planning, supervision and large-scale operations in housekeeping. Ideally, the person should have at least 5 years of experience in large-scale housekeeping.

Q.: We would like to know if it is bulk or captive hand soap that is used in the washrooms of the buildings at Valcartier base.

A.: Bulk.
