Amendment No. 002 to the RFP

This Amendment is hereby raised to make the following revisions to the RFP and publish the questions and answers 30 to 31.

- 1) Solicitation Closing Date is amended. Delete Bid Close September 05, 2018 and replace with September 10, 2018. See page 1 of this amendment.**

Questions & Answers

30. A manual system is a push/pull system and a mechanical assist system incorporates a handle that turns in order to move the carriage. This system is too large to be a manual.
Please confirm if this is a manual or mechanical assist mobile.

Answer: Delete answer of question #25 of Amendment 001 and replace it with the following:

Mobile shelving to be mechanical as per Specification Section 10 56 26.13, Part 2, Article 2.4.6.

31. Incorporating a panel/partition into the double bays of shelving is essentially 2 singles back to back with a back panel to separate them. It is expensive. Furthermore since this is a non-locking system it is redundant to do this rather than utilize a standard 30" deep shelf with no obstruction. It would appear that the drawing ASK-1 with respect to the dash lines is simply indicating a double bay of shelving.

Can you please confirm that you would like a panel in between 2 single bays that are back to back within one carriage or a 30" deep shelf with centre stops installed within one carriage?

Answer: Provide 30" deep shelf with centre stops installed within one carriage.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
