Amendment 004 to our Solicitation to answer questions from the industry.

Enquiries – Bid solicitation – Clause #2.3

To ensure consistency and quality of information provided to bidders, significant enquiries received and the replies to such enquiries will be provided simultaneously to bidders to which the bid solicitation has been sent, without revealing the sources of enquiries.

Here are the questions we have received:

Question 12 : We've noticed that the volume of cylinders and the unit of measure indicated in columns E and F are sometimes different from what we can offer. In some cases the difference is small but in others it is bigger and since we have to submit the unit prices but we charge to the cylinder there could be a difference between the unit price submitted and the total price that will be charged.

Answer 12 : As per instructions in Annex B, instruction sheet, point 2.3 a).
You must indicate firm unit prices according to the units (m³, kg, litre).
Invoices must conform to the Basis of Payment.

Question 13 : May we submit with reference to the file "ee286-170001-b_annexe_b_-_base_de_paiement_en" a second file that will include the actual quantity of product included in our bottles as well as the total price that will be billed for each item. Or would it be possible to add one or more columns to the file allowing us to indicate the actual volume, the unit measurement of the cylinders available and the total price per cylinder ?

Answer 13 : No. Once again, invoices must conform to the Basis of Payment.
As per instructions in Annex B, instruction sheet, point 6 b).
Please adhere to the indicated cylinder sizes; however, we can accept a difference of ± 5%.

Question 14 : Item # 27, Nitrogen in cylinders Grade 4.8 – your file indicates 300 pi², what is the desired unit ?

Answer 14 : DELETE : pi²
INSERT: m³

All other terms and conditions of the Request for proposal remains the same.
