**BIDDER QUESTIONS (Log # 5)**

RCMP (RADAR) RF SO - Solicitation No. M7594-17-2510/A - List of Questions (Log # 5)						
Q #	RF SO Reference A		Resp.	Bidder Question B	Response C	RF SO Amendment D
	Part (1 to 7)	Article				
13	7		RCMP	In response to the question submitted, (#12), it was stated "No. Photocell do not always function as designed and introduce an automatic dimming or brightening of the unit which may create unexpected changes to the display for the user."  We ask that the requirement be reconsidered to permit the auto dimming and brightness by the use of photocell technology. Or that the requirement be modified as suggested in question #11 "manual or automatic adjustment".	The RF SO has been amended accordingly. Please refer to Item # 1, 2 and 3 to Amendment # 004.
