BIDDERS' CONFERENCE NOTES

1. CALL TO ORDER

2. OPENING REMARKS

- Contracting Authority: Torrey Buchan
- Technical Authority: Ian Hatt

3. REVIEW OF SOLICITATION DOCUMENTS & PRICING DATASHEET

-Torrey clarified that there is one mandatory criteria that bidders' must demonstrate evidence of related to experience in vessel construction and refit. The bidder should submit this information as part of their bid.

-Bid Closing Date and Time -> Torrey clarified that the Time-zone for the bid closing time is Pacific, resulting in a two hour difference from local time in Gimli, Manitoba.

-Kinetic Machine asked about whether they need to include a value for each and every line item under the pricing datasheet. Torrey clarified that if any of the line items involve no cost, they can be included at a zero value. However, bidders should ensure the line item pricing is reflective of the actual amount of work required for each line item as if negotiation is required after contract award, the value the bidder included for each line item will be considered to be accurate.

4. REVIEW OF SPECIFICATIONS & DRAWINGS
