A. Questions and Answers

Q7. Under Annex A: Statement of Work, section 3.1 Product specifications it states the following:

“The enclosed operator ride on pallet transport truck must also include the following characteristics and functions: Keypad start”

This model of truck does not normally come with this feature. Understanding the need for security, a physical key when removed provides an equivalent level of security as a pin code, which can be passed on through word of mouth. Please advise if the keyed switch can be accepted.

A7. The CRA is willing to alter their requirement in order to accept either a keypad start option or a key access. Please refer to Amendment #7 to the RFP, located below.

B. Amendment to the Request for Proposal (RFP)

Amend #7: Under **Annex A: Statement of Work**, section **3.0 PRODUCT REQUIREMENTS**, sub-section **3.1 Product Specification**, located on pages 30-31 of 34:

DELETE the following:

The enclosed operator ride-on pallet transport truck must also include the following characteristics and functions:

- Keypad start

INSERT the following:

The enclosed operator ride-on pallet transport truck must also include the following characteristics and functions:
