Amendment 004

This amendment is raised to publish questions and answers.

Line Item 22 – Kubota Engine – NSN 6605-20-A09-0475 – Part Number OC-95-eE2(-X)-L

- With solenoid or without?
 - DND requires the Engine to come with Solenoid.
- Does DND requires the Tier 2 or the Tier 4?
 - DND requires the Engine to be Tier 4.

Line Item 9 and 10 – Yanmar Engine – NSN 2815-20-003-5904 – Part L100V

- The new engine part number (Yanmar L48V) is still available in markets other than North America. It doesn't meet any EPA rating for Tier 4.
 - DND will require Tier 4 EPA rating.
- The only product in that series is the L100V at 9.8 hp (this was the original P/N in the RFP above). They would like clarification as to what is it that DND actually wants?
 - DND will accept the L100V Engine

This amendment is raised to modify the Request for Proposal
