Solicitation amendment 003 is issued to amend the specification and solicitation Annex's in response to questions received during the solicitation period:

Question 1.

Section 2.1.8 of Annex C states that Contractor shall provide documentation that indicates each door meets Transport (TCMSS) regulations and Lloyd's Class Society approval. Each door shall have their TCMSS and Class Society approval information stamped on the door or a tag permanently affixed to the door in a location that is accessible and legible after installation but protected from wear and damage.

Can ABS Class Society approval be used instead of Lloyd's Class Society Approval?

Response:

Yes, the vessel will be transitioned to ABS class during the docking period.

Section 2.1.8 of Annex C shall be amended to read:

Contractor shall provide documentation that indicates each door meets Transport (TCMSS) regulations and either Lloyd's Class Society or ABS class Society. Each door shall have their TCMSS and Class Society approval information stamped on the door or a tag permanently affixed to the door in a location that is accessible and legible after installation but protected from wear and damage.

All other terms and conditions remain unchanged.
