Amendment No. 004 to the solicitation is raised to provide Questions (Q) and Answers (A) received from the Industry and change the Bid Solicitation closing date.

Change the Bid Solicitation closing date as follows:

DELETE: Solicitation Closes 2018-09-25
INSERT: Solicitation Closes **2018-10-03**

Question (Q) and Answer (A) received from the Industry:

Q 5: Reference Annex B, Paras 3.12. (h) and (i) – Cab Roof Window

Given the payload capacity requirement of the truck chassis, commercial trucks in this GVW category are not available with a cab roof window. Further it is not advisable to add a cab roof window as an aftermarket modification. It is understood that the requirement is to provide visibility to the operator.

Request for clarification

Please confirm that it is acceptable for a Bidder to offer a conventional cab chassis without a cab roof window, as long as the operator is able to see the elevating position of the catering body and the door position of the aircraft through the front windshield, as well as a rear window supplied in the truck chassis where the operator can also view the elevating status of the catering body?

A 5: The Purchase Description will be amended to replace 3.12 h) and i) with the following:

h) The cab **must** be designed to provide the operator with full visibility of the platform and aircraft interface under all operating conditions.

Q 6: 3.4: Is a tandem axle chassis configuration acceptable to allow us to achieve the required payload in 3.13a?

A 6: DND will not dictate the number of axles required. It is up to the Bidder to propose a chassis that meet the requirements of the Purchase Description.

All other terms and conditions remain unchanged.

If you have already submitted your bid, it can be amended prior to the closing date and time by sending the amended bid to Bid Receiving Unit and quoting Solicitation No. W8476-175644/A closing **October 3, 2018** at 2:00 PM Eastern Daylight Saving Time.
