Solicitation Amendment 004 is being issued to answer Bidders' questions and amend the above noted solicitation as follows:

In reference to Page 19 of 23, Annex A, Section 3.1.5:

“3-Point steady rest (at least, between 3” and 5”) – Qty. 1”

QUESTION: Is there any flexibility on the size of the 3-point steady rest? Will you also evaluate an offer with a 3.2” to 5” steady rest?

ANSWER: The 3-point steady rest at 3.2” to 5” is acceptable.

In reference to Page 17 of 23, Annex A, Section 2.7:

“Unit’s centres must be rated to support a workpiece load of at least 1400lbs.”

QUESTION: Would 1100lbs or more be acceptable? Above this, most machines are considered roll grinders.

ANSWER: Weight capacity of work piece between centres of 1100lbs is acceptable. We will not accept a roll grinder. We require a universal cylindrical grinder.

DELETE:

Annex A, Section 2.7 in full.

INSERT:

2.7	Unit’s centres must be rated to support a workpiece load of at least 1100 lbs.			
-----	--	--	--	--

All other terms and conditions remain the same.
