This amendment, No. 001, is raised to respond to questions and amend solicitation F2470-180033/A, as follows:

Note: Mandatory Specification 3 has been revised.

Instruction: **DELETE** the existing version of Mandatory Specification 3 and **INSERT** the revised version of Mandatory Specification 3 on page 2.

Questions and Answers

Question 1: GIOVE A was retired in July 2012 and GIOVE B was retired from service on 23 July 2012 and began raising its orbit to a graveyard orbit and they are no longer in service. We would like to kindly ask you to remove these two satellites signals in order for the newer models, which no longer track these signals, to be compatible with mandatory requirements of the tender.

Response 1: Including the "GIOVE-A" and "GIOVE-B" satellites was an error in the requirement. Please see the revised specification on page 2.

Question 2: We believe 2C in GPS signals is a typo and it meant to be L2C. Please advise.

Response 2: Including "2C" instead of "L2C" was an error in the requirement. Please see the revised specification on page 2.
