Pricing Data Sheet

The Pricing Data Sheet is provided with this Solicitation Amendment and is available for distribution on buyandsell.gc.ca. **Bidders who wish to receive the pricing data sheet in excel format can contact the Contracting Authority by email.**

Specification Review:

General Notes:

There were no questions or comments.

1. Services:

Alleyway and bulkhead protection is deleted in its entirety and replaced with the following:

ALLEYWAY AND BULKHEAD PROTECTION: Alleyways and area that shall be used by Contractor's personnel on a regular basis for access to required work areas shall be suitably protected from damage, soil, etc. All affected alleyways shall have deck surfaces covered by 6mm Masonite extending to the full extremities of the areas dealt with. All seams, butts, and edges of the applied Masonite shall be taped to discourage ingress of soil beneath, as well as to stop any migration of the applied sections. Contractor shall quote on supplying and installing 150 square meters of 6 mm Masonite rough one side and installed rough side up. Upon completion of refit, Contractor shall lift all Masonite. The area shall be swept and mopped on completion of the refit and any tape residue shall be removed. Contractor to quote separately a price per square ~~foot~~ meter for cost of supply, installation and removal of any additional Masonite as may be required.

All internal bulkhead panels in the above-noted areas shall be suitably protected with application of 3mm inch Masonite panels (or heavy construction paper) extending to a minimum 1.5 m height above the deck level and all corners shall be covered and taped. Again, all butts, seams and edges shall be taped. Contractor shall quote on supplying and installing 100 square meters of 3 mm Masonite (or heavy construction paper). Upon completion of refit Contractor shall remove all Masonite/paper and dispose. The areas shall be wiped clean on completion of the refit and any tape residue shall be removed. Contractor to quote separately a price per square ~~foot~~ meter for cost of supply, installation and removal of any Masonite/paper that may be required. Total cost shall be adjusted up or down by PSPC 1379 action.

2. Production Chart:

Delete "& Subcontractor Allowances" from title

HD-01 Berthing and Mooring

There were no questions or comments.

HD-02 Drydocking

Paragraph 2.1.3 is deleted in its entirety

Paragraph 2.1.10 The Contracting Authority clarified that the cost of the removal and insertion of keel blocks is to be included in the overall bid and the unit cost is to be provided for additional removal/insertion of blocks if required.

HD-03 Hull Inspection / Butts & Seams

Paragraph 2.1.8 is amended as follows:

1. In addition to the above work, Contractor must provide a cost on the following in their bid;
 - Unit cost per additional foot of arc gouging.
 - Unit cost per additional foot of welding.
 - ~~Unit cost per additional NDT (UT or Mag particle or equivalent)~~
 - Unit cost for gas free certified

HD-04 Anodes

There were no questions or comments.

HD-05 Storm valves & sea connections inspection

There were no questions or comments.

HD-06 Hull cleaning and painting

The Technical Authority advised that International Paints will provide a NACE inspector free of charge to oversee the application of coatings to the hull and structure. The Contractor will need to contact International paints to coordinate their schedule.

HD-07 Sea chests and Strainers

There were no questions or comments.

HD-08 Rudder, Rudder Bearing and Skeg Inspection

There were no questions or comments.

HD-09 Spur Rope Cutter Installation

The Technical Authority advised that the parts required for this spec item will be shipped to the Contractor's facility following contract award.

HD-10 Propeller Hubs, Shaft Clearances and Shaft Seal Inspection

There were no questions or comments.

HD-11 Tank Inspections

Paragraph 2.1.4 is amended as follows:

2.1.4. For bidding purposes, the Contractor must bid on the removal **and disposal** of 200 liters of liquid waste and 20 liters of solid waste for an estimated total of 220 liters from the tank. The amount of liquid and solid waste will be adjusted upwards or downwards as required and prorated using the PSPC 1379 process.

HD-12 Bow Thruster Gear Oil and Seal Change

There were no questions or comments.

H-01 Liferrafts Annual Inspection

A question was raised to ask who had previously serviced the liferafts. The technical authority advised that the life rafts have previously been serviced by Seamasters Services limited.

H-02 Fixed Fire Fighting Systems

There were no questions or comments.

H-03 Fire Detection System Inspection

There were no questions or comments.

H-04 – Portable Fire Extinguishers

There were no questions or comments.

H-05 Annual Duct Cleaning

There were no questions or comments.

H-06 Annual Lifeboat Davit Inspection

The Technical Authority advised that the OEM Welin Lambie is often difficult to schedule for servicing so the contact information for the only other approved service provider in the region was also provided.

H-07 Allied Crane Annual Inspection

There were no questions or comments.

H-08 Fresh Water Tank Cleaning and Inspection

There were no questions or comments.

H-09 – intentionally left blank

H-10 4500 Hour Propulsion Engine Overhaul

The Contracting Authority advised that there are multiple authorised MTU service providers and provided the following link:

<https://www.mtu-online.com/mtu-northamerica/contact/find-your-dealer/>

T-1 AIS Antenna Relocation

There were no questions or comments.

T-2 Installation of Sailor GMDSS 6000 System

There were no questions or comments.

L-01 Annual Megger Readings

There were no questions or comments.

Open Discussion Items:

The Technical Authority confirmed that all GSM will be onboard the vessel when it arrives at the Contractor's facility with the exception of the parts previously mentioned in HD-09.

**Bidders wishing to receive a USB with the technical drawings associated with this work package should contact the Contracting Authority by email at the following address:

[Rachelle.LaBrash@pwgsc.gc.ca.](mailto:Rachelle.LaBrash@pwgsc.gc.ca)

There being no other issues the meeting was adjourned at 11 am local.

B) Appendix 1 to Annex F - Pricing Data Sheet

The pricing data sheet is provided separately.

Bidders wishing to obtain a copy of the PDS in Excel format can contact the Contracting Authority by email at: [Rachelle.LaBrash@pwgsc.gc.ca.](mailto:Rachelle.LaBrash@pwgsc.gc.ca)

All other terms and conditions remain unchanged.
