2. Question 18

QUESTION 18:

Based on Annex C of the subject solicitation it is requested that the bidder must submit a certificate showing 5 or more years of expertise in the field of fiber optic systems and installed 3 systems over the last 5 years. Our manufacturer has both certificates and we can put theirs in our bid package as reference. I would like to kindly ask if that would be acceptable. Can this criterion be changed in order to accept manufacturer's references as well in order to make this solicitation more competitive so that we will be able to provide the best possible offer both quality wise and pricewise to Canada?

ANSWER 18:

Manufacturer's references are sufficient. Please consult following modifications under articles 3 and 4 of the current amendment
