ADDENDUM NO.3

Subject: **Invitation to Tender No. FP802-180128**
Installation of 2 new Aid to Navigation Towers in Gananoque Ont.

Dear Sir/Madam:

Further to the above-mentioned Invitation to Tender this Addendum (#3) is to advise potential bidders of a question and answer recently received. The question and answer follow below.

- Q2. Construction stage requirements indicated in the specification are unclear. Does DFO require that the existing towers to be maintained/undisturbed during construction and then removed following the installation of the new towers?
- A2. **Demolition of the existing towers must not be completed prior to the installation of the new towers. It is required that the new towers and foundations be erected in close proximity (less than 6m) to the existing towers.**

All other terms and conditions remain unchanged.

Yours truly,

(Original signed by)

Larry Hotte
