

Amendment #2

This solicitation amendment is issued to:

1. Provide the following question and answer:

Q4. Appendix C 7.4.16 # 8 states: *Trees may require bi-weekly or weekly manual watering if no automatic irrigation is present as dictated by seasonal weather conditions. As conditions over the past few summers have been quite dry, some watering is to be expected. Should the costs of this possible work be included in the pricing?*

A4. Yes. The proponent must provide a response outlining the pricing of its proposed solution in a detailed manner.

Q5. Appendix C 7.4.17 #14 states: *Core-aerate lawn areas used during festivals and events after each event and then topdress with coarse angular sand. Round sand is not permitted for use in topdressing. Approximately how many festivals and events take place each year that would require this service that would be included in the pricing of the proposal?*

A5. Currently, there are four (4) festivals per year that impact the lawn areas.

All other terms and conditions remain unchanged.
