Request for Information (RFI) -
Phoenix Pay Stabilization – Request Automation

AMENDMENT # 001

IMPORTANT REMINDER FOR INDUSTRY: To facilitate search for industry, all current and future postings related to Stabilizing Phoenix innovations and the Next Generation solution will include “HRP-RHP” in the title. Please note that vendors can subscribe to tender notice updates (RSS, ATOM, e-mail) using the keyword “HRP-RHP”.

REQUEST FOR INFORMATION (RFI) AMENDMENT # 001

REASON FOR AMENDMENT: This amendment is raised to provide Questions and Answers to industry.

Question 1: We would like to know if the answers expected by the Government of Canada should come exclusively from solution providers (Publishers and Integrators), or if Canada is interested in a response from a consulting firm. Upon reading this request:

Canada is interested in receiving information that highlights:

- a. an overview of the vendors robotic automation technologies
- b. the vendor's recommended implementation approach associated with their robotic process automation technology along with potential implementation timelines
- c. reference projects that demonstrate success in achieving process automation for similar repetitive tasks
- d. pricing models associated with acquiring robotic process automation capability, including approaches that correlate achieving project objectives to vendor compensation
- e. the required technical architecture on which the process automation software operates

Therefore, we want to determine if by "vendor" you mean exclusively editors and integrators of automation solutions.

Answer 1: The Government of Canada is looking for assistance and information from all sources, and not exclusively from solutions providers (Publishers and Integrators). The RFI document is a call for all subject matter experts to provide valuable information towards the Phoenix Stabilization initiative.

**ALL TERMS AND CONDITIONS OF THIS REQUEST FOR INFORMATION (RFI) REMAIN
UNCHANGED**
