Amendment 002 to our Solicitation to answer questions from the industry.

Enquiries – Bid solicitation – Clause #2.3

To ensure consistency and quality of information provided to bidders, significant enquiries received and the replies to such enquiries will be provided simultaneously to bidders to which the bid solicitation has been sent, without revealing the sources of enquiries.

Here are the questions we have received:

Question 9: For the bindings, would the customer accept stainless steel materials instead of aluminum?

Answer 9: We will accept both aluminium or/and stainless steel bindings.

Question 10: Would you accept a 185cm length ski as the largest size ski? The new wider skis can be used in much shorter lengths and still have superior flotation (due to the girth) and make for a much quicker learning curve and a much reduced chance of injury?

Answer 10: We accept a ski 190 cm long +/- 5 cm.

The request for proposal is amended as follow:
