This Amendment 006 is raised to:

- Revise Special Instructions to Bidders SI05 – ENQUIRIES DURING THE SOLICITATION PERIOD
- Issue Addendum 006

## **SI05 ENQUIRIES DURING THE SOLICITATION PERIOD**

SI05.1 is modified to:

1. Enquiries regarding this RFP must be submitted in writing to the Contracting Authority named on the RFP - Page 1 or at e-mail address [ronny.ly@tpsgc-pwgsc.gc.ca](mailto:ronny.ly@tpsgc-pwgsc.gc.ca) as early as possible within the solicitation period. Except for the approval of alternative materials as described in GI15 of R2710T, enquiries should be received no later than **two (2)** calendar days prior to the date set for solicitation closing to allow sufficient time to provide a response. Enquiries received after that time may result in an answer NOT being provided.

See Addendum 006 below.

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.**

**The following changes/clarifications in the tender documents are effective immediately.**

**This Addendum 006 will form part of the contract documents**

*This Addendum 006 is issued to provide amendment to the Specifications, or Contract Drawings as attached hereto.*

**Responses to Questions from Bidders**

Q1. We would like to request if Hemmera: Environmental Consultant can be included as part of the contractors bidding team? One individual from Hemmera was part of the design team with Anchor QEA, however, this individual will not be part of the bidders team for this project.

R1. This will be acceptable provided the individual will not have any involvement with the bidders team. Such involvement includes any review, advice, consultation, or comments on the Request for Proposal documents and the bidder's response to same and any other participation by the individual in this solicitation process.

Q2. We understand that our preferred bathymetric sub-contractor may have previously completed a pre-bid survey of the area. Could you please confirm that MCCOI Marine Ltd has no conflict of interest in regards to this project and may be included in our proposal as our designated Hydrographic Marine Surveyor (Bathymetric Surveys)? MCCOI Marine has participated on several remediation projects with our team, working as a third party surveyor.

R2. This scenario is not considered to be a conflict of interest or an unfair advantage. The successful bidder would still be required to conduct a pre-construction Bathymetric survey. PSPC will also verify the findings through an independent third party.

With regard to the above questions, should additional information that may create a real or perceived Conflict of Interest/unfair advantage be discovered, Bidders must re-evaluate the situation in the context of the relevant terms and conditions of the solicitation and carefully consider whether it would render a sub-contractor ineligible to participate in the bid.
