Enquiries - Bid Solicitation - Clause # 2.3

To ensure consistency and quality of information provided to bidders, significant enquiries received and the replies to such enquiries will be provided simultaneously to bidders to which the bid solicitation has been sent, without revealing the sources of the enquiries.

Here is one other question which we have received until now:

Question 2: Ref.: Annex B - 16 Attachments, 16.1: Tree and bush chipper, up to 12 inches with a set of spare teeth

Which type are you asking for (Hand Feed or Forestry Mulcher)?

Also if you are looking to cut 12" material you may be asking for the machine to handle material that is too big for this size Compact Track Loader?

Answer 2: Attachment 16.1 is changed as follows:

Delete: ~~Tree and bush chipper, up to 12 inches with a set of spare teeth.~~

Insert: Tree and bush chipper, minimum 8 inches with a set of spare teeth.

The equipment in question will be used primarily for brush clearing and vegetation control at the airport site where there are several small shrubs. A minimum 8 inch shrub cutting capacity is required.

All other terms and conditions of the solicitation remain the same.
