This amendment #005 has been raised to attach Addendum #004

ADDENDUM

Project Title:	Addendum No:
AAFC SRDC Greenhouse LED Project	4
Project Location:	Project Number:
107 Science Place, Saskatoon, Saskatchewan	R.093894.001
Consultant's Name:	Date:
AECOM Canada Ltd.	October 31, 2018

The following changes in the bid documents are effective immediately.
This addendum will form part of the contract documents.

General Comments

This Addendum provides clarification to the following three questions:

Q1. Spec section 26 05 34 states minimum conduit size is to be 27mm and the drawings call for 21mm. Please confirm it is acceptable to use 21mm conduit.

A1. 21mm conduit is acceptable.

Replace section 26 05 34, clause 2.1.1 with the following: "Conduit size and material as indicated and according to CEC requirements."

Q2. Spec section 26 05 34 doesn't list rigid PVC conduit. The drawing calls for it. Please confirm it is acceptable to use.

A2. Addendum #3 added PVC conduit as acceptable for underground runs. In drawing E-8010, replace instances of "RIGID PVC CONDUIT 21MM" with "21MM CONDUIT". The intent is for rigid galvanized steel, or EMT as per 26 05 34 and the additional clarification below.

Q3. Spec section 26 05 34 does not list EMT conduit. The site visit showed that the existing conduits in the crawl space are EMT. Please advise if it would be acceptable to use EMT in the crawl spaces.

A3. Yes, EMT is acceptable in the crawl spaces to match existing.

Replace section 26 05 34, clause 2.1.1.1 with the following: "Rigid galvanized steel threaded conduit, or EMT."
