SRE 4 PRICE OF SERVICES

All price proposal envelopes corresponding to responsive proposals which have achieved the pass mark of fifty one (51) points will be opened upon completion of the technical evaluation. An average price is determined by adding all the price proposals together and dividing the total by the number of price proposals being opened.

All price proposal envelopes corresponding to responsive proposals which have achieved an overall pass mark of fifty per cent (60%) (fifty one (51) points) will be opened upon completion of the technical evaluation.

To establish the Price Rating, each responsive bid will be prorated against the lowest evaluated price and the ratio of 30%.

The Price Rating is equal to the applicable percentage to establish the Price Score.

SRE 5 TOTAL SCORE

Total Scores will be established in accordance with the following:

Rating	Possible Range	% of Total Score	Score (Points)
Technical Rating	0 - 85	70	0 - 70
Price Rating	0 - 30	30	0 - 30
Total Score		100	0 - 100

The Proponent receiving the highest Total Score is the first entity that the Evaluation Board will recommend for the provision of the required services. In the case of a tie, the proponent submitting the lower price for the services will be selected.
