AUTOMATED TOOL KIT

AMENDMENT 008

Amendment 008 has the following objectives:

- Remove the requirements for non-standard tools in the RFP
- Replace the list of tools in Annex B
- Delete Annex C
- Answer 2 questions received.

In PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

Delete:

4.1.1 Technical Evaluation

4.1.1.1 Mandatory Technical Criteria

- The Bidder must confirm that they are able to meet all the requirements of the Request for Proposal (RFP) including the provision of **non-standard tools**.
- The Bidder must provide with the bid the technical sheets of the proposed Tool Box and Tool Control System. These technical sheet must be **standard existing documents**. The technical sheets must not be written documents specially drafted for this Request for Proposal.
- The bidder must demonstrate to have been in the hand tools industry for at least 10 years.
- The bidder must demonstrate a minimum of 1 year experience in the provision of tool control systems

Insert:

4.1.1.1 Mandatory Technical Criteria

- The Bidder must provide with the bid the technical sheets of the proposed Tool Box and Tool Control System. These technical sheet must be **standard existing documents**. The technical sheets must not be written documents specially drafted for this Request for Proposal.
- The bidder must demonstrate to have been in the hand tools industry for at least 10 years.
- The bidder must demonstrate a minimum of 1 year experience in the provision of tool control systems

In Annex A:

Delete:

8. TOOLS

- 8.1. Tools must be provided by the contractor IAW Annex B;
 - 8.1.1. **Company must be able to provide/manufacture non-standard tools from existing RCAF drawings (Annex C);**
 - 8.1.2. Where Annex B references a drawing « DWGxxx » in the part number column, company must referred to Annex C for the appropriate drawing.
- 8.2. Ratchets must have rivets instead of screws;
- 8.3. Must be laser engraved IAW Annex B the tool list "tool serial number column" (photo 4 shows an example of our current etching method);
 - 8.3.1. Must be identified as per this example : *AP8-140* (both the tool and its drawer's location will have the same number);
 - 8.3.2. Sub assembly (i.e. screwdriver bit) must be identified : *AP8-140A* and so on;
 - 8.3.3. For tools that have more than one part, each part will be laser etched on all its components (see photo 5 for clarity).
- 8.4. A complete paper and electronic list of tools contained in the tool kit, including the company's part numbers, must be provided by the contractor with the tool kit at delivery;

Delete:

10.2.2. 20 calendar days for a non-standard tool.

Annex B: The list of tools attached in Annex B is replaced by the list attached to this Amendment 008.

Suppliers must complete and provide their financial proposal as follows:

- 1- Annex B (Table 1) with a firm price for the automated tool kit.
- 2- The list of tools, attached, with a price for each tool.

Annex C: Annex C is deleted in its entirety.

Questions-Answers

Question 1

Further clarifications are requested on the following items:

1. Item #4, Part# T17-16, Inhibitor Flap ¾".
2. Item #8, Part# P120, Dental Explorer #5
3. Item #57, Part# CDC46C, Serial# AP8-102, Pliers Combination.
4. Item#5, Part# DRW453, Inhibitor Flap 9/16.
5. Item#104, Part# DRW314, Wrench BOE 12pt Ratcheting
6. Item#105, Part# DRW633, Speed Wrench 9/16.
7. Item#166 + 167, Part# DRW457, Torque Wrench Adapter.
8. Item#299, Part# DRW300, Socket Reg 12Pt.
9. Item#307, Part# DRW021, Socket Spline.

For the parts mentioned, either the PN does not yield a search result, or the description is insufficient. For the modified tools mentioned, the visual drawing provided is not sufficient to produce the part. In both cases an original manufacturer and PN are required, or a more detailed description/drawing from which the drawing could be produced. Could you provide more details on the items above?

Answer 1

Due to the difficulty of providing sufficient information the tools listed in points 1 to 9 above have been removed from the list of tools in Annex B. Other non-standard tools and tools to be provided RCAF have also been removed from the list of tool in Annex B. A new list of tools is attached to Annex B.

Suppliers must complete and provide their financial proposal as follows:

- 1- Annex B (Table 1) with a firm price for the automated tool kit.
- 2- The list of tools, attached, with a price for each tool.

Question 2

Can a solution that includes two toolboxes be acceptable?

Answer 2:

As an indication, the list of tools for the current Request for Proposal was selected from one of our existing toolboxes (AP-56). All tools on the list can be stored in a 36 "wide toolbox and 7 drawers. Images of the AP-56 are attached below.

It is mandatory to have only one toolbox. A solution that includes two or more toolboxes is not acceptable. A higher toolbox with additional drawers is acceptable.
