Enquiries - Bid Solicitation - Clause # 2.3

To ensure consistency and quality of information provided to bidders, significant enquiries received and the replies to such enquiries will be provided simultaneously to bidders to which the bid solicitation has been sent, without revealing the sources of the enquiries.

Here are other questions which we have received until now:

Question 3: Ref.: Annex A, Section A.4, second paragraph "Audiometry Certificate"

If the equipment meets the specifications that are governed by ISO standards for HP (Gross Power SAE J1995 / Net Power SAE 1349 / Net Power ISO 9249) and dB (ISO 6396: 2008), does the audiometer test is required?

Answer 3: If it's demonstrated that the equipment specifications are governed by a standard that meets the requirements defined by the audiometer test, it will not be required. Otherwise, the audiometric test remains required but shall be provided as follows:

Please refer to the second paragraph of section A.4 where we change the following: The certificate is not any more required to be included with the proposal:

- **The audiometric certificate must be provided after the contract is awarded but before the delivery of the equipment.**
-

Question 4: Ref.: Annex A, Section A.4, second paragraph "cabin must be made of aluminum and glass"

It's mentioned that the cabin must be made of aluminum, is this a necessity?

Answer 4: The cab may also be made of steel or other material as long as it is demonstrated that it meets the Roll Over Protection requirements for ISO Certification.

Question 5: Ref.: Annex B, Characteristic # "8. Reinforced front window for use with wood chipper, included".

Do you accept an unbreakable polycarbonate window?

Answer 5: An unbreakable polycarbonate window also meets the requirement for shielding.

All other terms and conditions of the solicitation remain the same.
