**Attachment 2  
Question and Answer #1**

This document contains questions and answers related to the Call for Proposals.

**Question #1:**

Regarding question 8 in the application form, where the applicant must provide a description of the implementation team, how should the firm address this question if the firm intends on hiring specialized staff (Engineers/physicist) to support work from a challenge?

**Response #1:**

Bidders may indicate “TBD” (to be determined). The evaluation team will use the evaluation criteria to assess the management and technological skill sets and experience of the implementation team.
