

**Innovative Solutions Canada Program**

**Challenge EN578-170003/14: Kinetic Energy Harvesting on Marine Vessels**

**Attachment 2**

**Question and Answer #2 to #4**

This document contains questions and answers related to this challenge.

**Question #2:**

Seasickness is mentioned as a problem for vessel occupants. Is discomfort due to hard wave impacts also a concern?

**Response #2:**

Yes.

**Question #3:**

Are you looking for a single product invention or a vessel-wide system incorporating multiple technologies?

**Response #3:**

Either are of interest.

**Question #4**

Are you looking for a solution that incorporates energy harvesting plus storage, or just energy harvesting to supplement existing vessel storage (i.e. batteries)?

**Response #4**

The latter is sufficient, we are not looking for novel energy storage solutions.
