Amendment 001 to our Solicitation to answer questions from the industry.

Enquiries – Bid solicitation – Clause #2.3

To ensure consistency and quality of information provided to bidders, significant enquiries received and the replies to such enquiries will be provided simultaneously to bidders to which the bid solicitation has been sent, without revealing the sources of enquiries.

Here is the question we have received:

Question 1: Can you specify the number of liters of each product for each of the 13 consumption points. This aspect may have significant economic importance in the pricing process.

Answer 1: It is impossible to determine the number of liters of each product for each point of consumption. However, the order history shows that shipments are, in most cases, between 200 and 300 liters or between 700 and 800 liters relative to the tank sizes of each point of consumption.

In addition, all consumption points are within a radius of just over 1 kilometer. Not all points of consumption require each product.

All other terms and conditions of the Request for Standing Offer remains the same.
