Title: **Installation of a Fiberglass Enclosure**

Dear Sir/Madam:

Further to the above-mentioned Invitation to Tender, this **Addendum no.1** is to advise potential bidders of the following changes to this tender call to date:

**QUESTIONS/ANSWERS**

Q1. I was just looking at the above mentioned project and was wondering if this is a project that DFO are looking to have competed over the winter or would it be ok to wait until the spring to start the project? I ask as completing the project in the winter would require more work/costs to be included in our bid.

A1. The project is to begin as soon as the tender is awarded.

Q2. Also I was wondering if the site visit on Nov. 26 is mandatory or optional? Just wondering as the contract spec says it is mandatory however the invitation to tender says it is optional.

A2. Optional.

**All other terms and conditions remain unchanged.**

Yours truly,
