

This Solicitation Amendment 001 is raised to:

1) Answer (A) the question (Q) received as follows

Q1: Is it possible to have specification for following for Item 1: Part # : SSK/Y/327/90/M001/000 PART 109 NCAGE: K6451 (BAE SYSTEMS). No details are available through the OEM. I am confident to be able to provide equivalent product a lot cheaper than BAE Systems could if I could only have the following details:

Diameter
Height
Thread
Material
Finish

A1: There is no drawing for SSK/Y/327/90/M001/000 PART 109.

Q2: For items 1 & 2 on the subject RFP please confirm the thread size and pitch.

A2: It is a M30 nut to BS3692 dimensions and made of MONEL NA18 to BS3076. The easiest way for the bidder to be compliant is to offer "NUT M30 (is the thread size (30 mm)) TO BS3692 (prescribes the thread pitch, which is 3.5 mm), MONEL NA18 TO BS3076", NCAGE K7766

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
