SOLICITATION AMENDMENT 003

SECTION A - QUESTIONS AND ANSWERS

Question 6:

Annex B - Basis of Payment.

B.2. Firm Quantities - Item 1. states:

- PHS Kit (Appendix A to Annex A) including:
 - o Publications and Tender documentation;
 - o Scheduled Preventative Maintenance and
 - o In Service Support.

We seek clarification on whether the Scheduled Preventative Maintenance and In Service Support should be quoted for under Item B.2-1 or whether these are priced separately under B.3 "As-and-when-requested" Task Authorizations?

Please take note of the following:

1. Preventative Maintenance can be quoted for assuming all units will be maintained at least once every year for five years in accordance with the same pricing listed under Item 9 Preventative Maintenance.
2. In Service Support, in accordance with Section 3.3 includes Task Authorization Services and Technical Investigation and Engineering Support (TIES) which cannot be accurately estimated into an all-inclusive price.

Answer 6:

Bidders are to include the pricing for the first year of Preventative Maintenance requirement(s) in the price of line item 1 and line item 11. The remaining Preventative Maintenance is to be quoted separately and will be included as optional items in the contract as noted in line item 9 in the Basis of Payment.

In-Service Support includes Task Authorization services, Technical Investigation and Engineering Support (TIES) and Technical Support. As Task Authorization services and TIES requirements are variable and cannot be estimated, Bidders are to include in their pricing for line item 1 the price of Technical Support during the ISS period.

Please refer to Changes below.
