## AMENDMENT 002

This amendment is raised to:

- extend the closing date of the Request for Information (RFI) to **December 19, 2018**; and
- address the following Questions:
  - Q1.** If a firm participates and is selected, would it be prevented from executing the work for phases after RS3 phase?"
  - Q2.** If a team is chosen, can it be prevented to do phases after RS3 as the A-E consultants of record?

### Response:

If a contract is awarded, to protect the integrity of future procurement processes, Canada may reject future proposals from the successful Proponent and its Key Discipline Sub-Consultants and Specialists based on the nature and extent of services provided under Streams 2 for Functional Programming and Schematic Design for the same project. In certain instances provision of these services could give, or could appear to give an unfair advantage or create a situation that leads to the successful Proponent having a conflict of interest. Canada may also reject future proposals from the successful Proponent and Stream 3 Key Sub Consultants and Specialists providing Design Control Authority (DCA) services in the role of an Advocate Architect for the same project. In Canada's opinion, given the specialized nature of DCA services, a conflict of interest would arise as per the clauses referenced below. For all streams, it is anticipated that any Request for Proposal for design and construction work beyond the 30% design would include the SACC Manual clause General Instructions, Conflict of Interest-Unfair Advantage, either R1410T GI25 or R1110T GI25.
