AMENDMENT 001

The purpose of this Amendment is to answer questions from industry.

Question 1

Does Statistics Canada want a one-time analysis (for example one or two months of data) or would they be interested in ongoing analysis (for example quarterly analysis over the course of a year)?

Answer 1

For the purposes of this engagement, Statistics Canada is interested in a one-time analysis that looks at the current situation, and/or back over an appropriate period. It is not interested in an ongoing analysis over the course of the coming months or years.

Question 2

Would Statistics Canada allow us to push out a one-question survey to website visitors as part of this project?

Answer 2

Bidders should assume that, if warranted, Statistics Canada shall offer website visitors the opportunity to complete a Statistics Canada survey with one or more questions as part of this project.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED
