PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.3 Consideration of Additional Terms and Conditions included in Top-Ranked Bid (following financial evaluation):

- (i) Acceptance of all the terms and conditions contained in Part 6 - Resulting Contract Clauses (including those incorporated by reference) is a mandatory requirement of this bid solicitation.
- (ii) However, Bidders may, as part of their bid, submit additional terms. Whether or not those terms will be included in any resulting contract (as an Annex in accordance with the Article entitled "Priority of Documents" in the Resulting Contract Clauses) will be determined using the process described below. Whether or not any proposed additional terms are acceptable to Canada is a matter solely within the discretion of Canada.
- (iii) The process is as follows:
 - (A) Bids may include additional terms that are proposed to supplement the terms of the Resulting Contract Clauses;
 - (B) Canada will review the additional terms proposed by the top-ranked Bidder (identified after the financial evaluation) to determine if there are any provisions proposed by the Bidder that are unacceptable to Canada;
 - (C) If Canada determines that any proposed term is unacceptable to Canada, Canada will notify the Bidder, in writing, and will provide the Bidder with an opportunity to remove that provision from its bid or to propose alternate language for consideration by Canada. Canada may set a time limit for the Bidder to respond; if the Bidder submits alternate language, if Canada does not find the alternate language acceptable, Canada is not required to allow the Bidder to submit further alternate language;
 - (D) If the Bidder refuses to remove provisions unacceptable to Canada from its bid within the time limit set by Canada in its notice, the bid will be considered non-responsive and be disqualified; Canada may then proceed to the next-ranked bid; and
 - (E) If the Bidder agrees to remove the provisions that are unacceptable to Canada and it is awarded any resulting contract, the proposed additional terms (as revised) will be incorporated as an annex to the contract, as set out in the Article entitled "Priority of Documents" in the Resulting Contract Clauses.
- (iv) For greater certainty and to ensure that only additional terms that have been approved by both parties are incorporated into any resulting contract, unless the additional terms proposed by the Bidder are included as a separate annex to the Contract and initialed by both parties, they will not be considered part of any resulting contract (even if they are part of the bid that is incorporated by reference into the resulting contract). The fact that some additional terms and conditions were included in the bid will not result in those terms applying to any resulting contract, regardless of whether or not Canada has objected to them under the procedures described above.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
