Amendment 006 is raised to answer questions from industry.

Question 18:

Do 40 references need to be 40 different sites/customers? Or it can be a few customers with multiple upgrades each, so total number of upgrades are 40? i.e., four customers with 10 upgrades each.

Answer 18:

Please refer to Amendment 004, Answer 10.

Question 19:

Does the new reference request mean the requirement for installation on a Proteus has been lifted? So, any detector upgrade can be used as a reference, or just the upgrades on GE Proteus system should be indicated?

Answer 19:

Please refer to Amendment 004, Answer 10.

Question 20:

If this is a requirement for experience in installing a digital system, does a full Digital system installation count as a reference, or they all need to be a detector upgrade installation only?

Answer 20:

Please refer to Amendment 004, Answer 10.

Question 21:

Can you please clarify how the Technical and Financial proposals will be evaluated for Annex A and B? Is there a scoring criteria that can be provided for reference?

Answer 21:

Per Article 4.2 - Basis of Selection, "A bid must comply with all requirements of the bid solicitation to be declared responsive. The responsive bid with the lowest evaluated price will be recommended for award of a contract." All of the Technical Criteria must be met.
