**This Amendment #001 is raised to address bidder enquiries and modify Solicitation #EW699-192116 as follows:**

Q1. ITEM 7.a. page 15 of 28 – Does the fork carriage attachment need to be one the operator has to manually adjust the forks OR are they looking for one that has the hydraulic fork positioning?

A1. Specs state spread must be manually adjustable, but hydraulically adjustable with the required quick-couplers would also be accepted.

Q2. Fork length is listed as 1.2m, what thickness and width do the forks need to be?

A2. Length is the important aspect – width and thickness are determined by clause 7 (**Accessory Specifications** Machines must come with the following equipment attachments. All accessories must be size rated for the model being offered.)

Q3. ITEM 1. page 16 of 28 – If the 5lbs. fire extinguisher cannot be installed in the cab, can we look at installing a smaller 2.5 lbs.? Would mounting outside the unit be acceptable?

A3. A 2.5lb OR a 5lb extinguisher installed either in the cab or on the exterior.

Q4 Refer to ITEM 3.e. page 16 of 28 – Please confirm if the removable/magnetic rotating or strobe light needs to be on a swivel mount as indicated as it is on a magnetic base?

A4. Remove the reference to a swivel mount.

**ALL OTHER TERMS AND CONDITION REMAIN THE SAME.**
