Annex A-1.

Question:

Appendix E - General Conditions - Professional Services

Section 6 of the General Conditions contains a broad indemnification clause and no provision limiting the Contractor's liability for damages. A standard limitation of liability clause, developed primarily by PWGSC, is contained in contracts for IM/IT procurements and reflects a commercially reasonable allocation of risk between Canada and the Contractor, that is aligned with the Treasury Board policy regarding Contractor's liability in Crown procurements. It is our understanding that the standard PWGSC liability clause may be used by departments and agencies other than PWGSC such as, for example, Transport Canada and since this RFP describes an IM/IT procurement, we request that Canada replace Section 6 with the IM/IT limitation of liability SACC clause N0000C into the subject contract which is available at the following web link: <https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual/5/N/N0000C/4>.

Answer:

This RFP is focused on technical review, analysis and consultation. The implementation, testing and operation of a system is out of scope and as such the Limitation of Liability for IM/IT procurements wording will not be applied in this RFP. Section 6 of Appendix E – General Conditions on Indemnification stands as written.
