SOLICITATION AMENDMENT No. 004

This solicitation amendment No. 004 is raised to:

- 1) publish questions and answers that have been received in relation to this solicitation; and
- 2) amend the solicitation.

- 1) The following Questions and Answers have been provided:

QUESTION 1:

"Please refer to pages 12-14, Attachment 3.1 TBS-330-23 Form – Personnel Screening Consent and Authorization Form. It is the Bidder's understanding that CBSA has recently changed this form to be completed online at <https://www.cbsa-asfc.gc.ca/publications/forms-formulaires/psca-vscap-eng.html>. As it is now an online form, please confirm that it is not required as part of the bid submission.

ANSWER 1:

The Personnel Screening Consent and Authorization Form will not be required at bid submission. It will be required before Contract award.

QUESTION 2:

"Please refer to page 21, Attachment 4.1, Primary Health Care Facility, that is defined as "includes but not limited to a CBSA-administered Immigration Holding Centre (IHC), hospital, family practice, urgent care clinic, long-term care facility, Canadian Armed Forces (CAF) Health Services Unit or adult day care facility." Would the Crown accept a private practice as a primary health care facility?"

ANSWER 2:

Yes, a private practice will be considered as a Primary Health Care Facility.

QUESTION 3:

"Please refer to page 26, section 2.2, R3 which states that bidders will be awarded "up to a maximum of 75 points per resource." However, in the Maximum Points Per Resource column, only 50 points are allocated. Please confirm that R3 should read "up to a maximum of 50 points per resource."

ANSWER 3:

Yes, the maximum points per resource should read 50 points per resource.

QUESTION 4:

"Please refer to page 26, Part 4, Attachment 4.1 – Bid Evaluation Criteria, 2.0 Point Rated Technical Criteria, 2.1 Corporate Experience, R1, iii. Duration of the Contract states that in order to garner maximum points for this criterion the contract submitted needs to be a 11 year completed contract (2 points per year over and above M1). Of note, there are very few health services 10 year contracts issued by the Government of Canada. The point schema is not representative of the current or future operational requirements of CBSA. To ensure that the criterion is aligned with current operational requirements of the contract, and to ensure fairness in the bidding process, this should be changed to the appropriate point allocation for a contract of this nature (e.g. 5 points per year up to a maximum of 20 points). The bidder respectfully requests that the criteria be changed to 5 year experience in order to garner max points."

ANSWER 4:

Page 26, Part 4, Attachment 4.1 – Bid Evaluation Criteria, 2.0 Point Rated Technical Criteria, 2.1 Corporate Experience, R1, iii. Duration of the Contract point schema does not state points will be

awarded per year for over and above M1. This criteria will provide points for the duration of the contract example that was provided in M1, not over and above this example.

QUESTION 5:

"Please refer to page 27, section 2.3, R6 which states that the nurses' experience must be "over and above M7, Article 1.2.2." Please confirm that this should read "over and above M9, Article 1.2.2."

ANSWER 5:

A change will be made through solicitation amendment 004.

QUESTION 6:

"Please refer to the SOW, page 46, 5.9(a) which states that "the Contractor is responsible for all costs associated with ... providing a secured computer and the necessary computer software to securely maintain and protect detainee medical records." Additionally, please refer to page 68, the SRCL Part C, items 11a – 11e. In particular, 11a which states that the supplier is not "required to receive and store... information", and 11d which states that the supplier is not "required to use its IT systems to electronically process ... information". As the SOW 5.9(a) and SRCL Part C, 11a and 11d contradict, would the Crown please remove SOW 5.9(a) or amend SRCL Part C?"

ANSWER 6:

An amendment will be done to clarify. It will be seen through solicitation amendment 004.

QUESTION 7:

"Would the Crown consider removing Annex E?"

ANSWER 7:

No. Annex E will remain.

QUESTION 8:

"If the Crown is unwilling to remove Annex E, would the Crown consider a 120 day grace period from the contract start date to allow industry to ramp the necessary staff. This includes recruiting additional resources, getting them approved by CBSA/PSPC against the SOW and working with CBSA/PSPC to obtain the various clearances and certifications required by the resulting contract for 24/7 coverage."

ANSWER 8:

No, the required resources must be available on the in-service date.

QUESTION 9:

"Please refer to page 23, M9 which states that "the Bidder must demonstrate that each of the six (6) proposed resources have a Valid Advanced Cardiovascular Life Support (ACLS) certification." We respectfully request that the Crown remove this as a mandatory requirement at the time of bid evaluation and require a valid ACLS certification for within (4) weeks of any resource's start date at the BCIIHC?"

ANSWER 9:

Yes, the CBSA is willing to remove this as a mandatory at time of bid evaluation, and will require valid ACLS certification for all nurses four (4) weeks after the contract in-service date. A change will be made through solicitation amendment 004.
