Request for Quotation

National Security Exception

On May 4, 2014, the Government of Canada announced on the Government Electronic Tendering Service that it had invoked the National Security Exception under the trade agreements in respect of procurements related to end user device hardware, software and associated support services for Shared Services Canada. As a result, this requirement is subject to the National Security Exception and none of the Trade Agreements apply to this requirement.

PART 1 GENERAL INFORMATION

1.1 Introduction

The bid solicitation is divided into five parts in addition to the annexes and forms, as follows:

Part 1 General Information: provides a general description of the requirement;

Part 2 Bidder Instructions: provides the instructions, clauses and conditions applicable to the bid solicitation;

Part 3 Bid Preparation Instructions: provides Bidders with instructions on how to prepare their bid;

Part 4 Evaluation Procedures and Basis of Selection: indicates how the evaluation will be conducted, the evaluation criteria that must be addressed in the bid, and the basis of selection;

Part 5 Certifications: includes the certifications to be provided;

The List of Annexes

Annex A – Statement of Work

Annex B – Pricing Sheet

Annex C – Resulting Contract Clauses

The List of Forms

Form 1 – OEM Certification Form

Form 2 – Integrity Form

Form 2A – Supply Chain Security Information Form

Form 3 – Substantiation of Technical Compliance

1.2 Requirement

Within 30 Calendar days after receiving the awarded contract, the vendor must deliver one hundred and eighty-two (182) cellular telephones as specified in the Annex A, Statement Work, to 78 Mount Bernard Avenue, Cornerbrook, Newfoundland and Labrador, Canada, A2H 5E9.

PART 2 BIDDER INSTRUCTIONS

2.1 Mandatory Requirements

Wherever the words “shall”, “must” and “will” appear in this document or any related document forming a part hereof, the item being described is a mandatory requirement.

Failure to comply or demonstrate compliance with a mandatory requirement will render the bid non-responsive and the bid will receive no further consideration.

2.2 Signatures

Bidders MUST sign Page 1 (front page) of the Request for Quotation (RFQ) and any certifications identified in Part 5.

2.3 Standard Instructions, Clauses and Conditions

- (a) All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada. All references contained within the General Conditions or Supplementary General Conditions to the Minister of Public Works and Government Services will be interpreted as a reference to the minister presiding over Shared Services Canada and all references to the Department of Public Works and Government Services will be interpreted as Shared Services Canada.
- (b) For purposes of this contract the PWGSC policies referenced within the Standard Acquisitions Clauses and Conditions Manual are adopted as SSC policies.
- (c) Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.
- (d) The 2003 (2017-04-27) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation. If there is a conflict between the provisions of 2003 and this document, this document prevails.

Section 3 of the Standard Instructions is amended as follows: delete “Pursuant to the Department of Public Works and Government Services Act, S.C. 1996, c.16”

- (e) "Subsection 3 of Section 01, Integrity Provisions - Bid of Standard Instructions 2003 incorporated by reference above is deleted in its entirety and replaced with the following:
- (f) List of Names
- (g) Bidders who are incorporated or who are a sole proprietorship, including those bidding as a joint venture, have already provided a list of names of all individuals who are directors of the Bidder, or the name of the owner(s), at the time of submitting a quote under the Request for Quotation (RFQ).

- (h) These Bidders must immediately inform Canada in writing of any changes affecting the list of directors during this procurement process.
- (i) Subsection 5(4) of 2003, Standard Instructions - Goods or Services - Competitive Requirements is amended as follows:
 - (i) Delete: 60 days
 - (ii) Insert: 90 days
- (j) The 2003-1 (2015-04-01) Supplemental Standard Instructions - Telecommunications are incorporated by reference into and form part of the bid solicitation. If there is a conflict between the provisions of 2003-1 and this document, this document prevails.

2.4 Submission of Bids

When responding, the proposal SHALL be delivered to the address indicated below by the time and date indicated on Page 1.

BIDDERS ARE TO SUBMIT BIDS TO:

huajun.li@canada.ca

2.5 Electronic Submission of Bids

- (a) Suppliers must submit their bids either as PDF documents attached to their email or as documents that can be opened with the Microsoft Office Suite of applications.
- (b) Suppliers may submit their bid in multiple emails, but all emails must arrive before the solicitation closing date and time to be evaluated as part of the bid, otherwise they will not be considered in the evaluation process. The maximum email size that can be received by SSC is 10 MB. Suppliers should ensure that they submit their bid in multiple emails if their attachments will cause the email to exceed that size.
- (c) The time at which the bid is received by SSC will be determined by the "Sent Time" indicated in the email received by SSC.
- (d) During the two hours leading up to the closing date and time, an SSC representative will monitor the SSC Email Address indicated herein for RFQ Submission and will be available by telephone at **(343)542-1939**. If the Supplier is experiencing difficulties transmitting the email, the Supplier should contact SSC immediately.

- (e) Canada will not be responsible for any technical problems experienced by the Supplier in submitting its bid, unless Canada's systems are responsible for a delay in delivering the email to the SSC Email Address indicated herein for RFQ Submission.
- (f) In the case of emergency, SSC has the discretion to accept a hand delivered (in person by a representative of the Supplier or by courier) of a hard copy submission that includes the entire bid. However, the hand delivered bid must be received by the closing date and time. As indicated above, an SSC representative will be available at the Contracting Authority's telephone number during the two hours before the solicitation closing date and time to receive bids submitted in this way. The only circumstances in which SSC will accept a delayed hand delivered bid is if the Supplier can show that the SSC representative was unavailable to receive the hand delivered bid, and attempts were made during the two hours before the solicitation closing date and time to make delivery.
- (i) A bid delivered to the specified email identified above after the closing date and time but before the contract award date may be considered, provided the Supplier can prove the delay is due solely to a delay in delivery that can be attributed to:
 - 1) Canada's systems causing a delay in delivering the emailed submission to the SSC Email Address indicated herein for RFQ Submission; and
 - 2) The Supplier can show that attempts were made during the two hours before the solicitation closing date and time to hand deliver the submission, but the SSC representative was unavailable to receive the hand delivered submission.
- (ii) Misrouting, traffic volume, weather disturbances, labour disputes or any other causes for the late delivery of responses are not acceptable reasons for the response to be accepted by SSC."

2.6 Enquiries – Bid Solicitation

- a) All enquiries must be submitted electronically to the specified email identified as the "Contracting Authority" on page 1, no later than 48 hours before the bid closing date. Enquiries received after that time may not be answered.
- b) Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.
- c) All Bidders will be informed of the outcome of the RFQ.

2.7 Applicable Laws

- a) Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

2.8 Equivalent Products

Products that are equivalent in form, fit, function and quality to the item(s) specified in the bid solicitation will be considered where the Bidder:

- a) designates the brand name, model and/or part number of the substitute product;
- b) states that the substitute product is fully interchangeable with the item specified;

- c) provides complete specifications and descriptive literature for each substitute product;
- d) provides compliance statements that include technical specifics showing the substitute product meets all mandatory performance criteria that are specified in the bid solicitation; and
- e) clearly identifies those areas in the specifications and descriptive literature that support the substitute product's compliance with any mandatory performance criteria.
- f) Products offered as equivalent in form, fit, function and quality will not be considered if:
- g) the bid fails to provide all the information requested to allow the Contracting Authority to fully evaluate the equivalency of each substitute product; or the substitute product fails to meet or exceed the mandatory performance criteria specified in the bid solicitation for that item.
- h) In conducting its evaluation of the bids, Canada may, but will have no obligation to, request bidders offering a substitute product to demonstrate, at the sole cost of bidders, that the substitute product is equivalent to the item specified in the bid solicitation.

2.9 Supply Chain Integrity Verification – Mandatory Qualification Requirement

The Supply Chain Integrity (SCI) Verification is a mandatory on-going qualification submission requirements process. SCI is an important corporate requirement. Challenged by an increasingly complex cyber threat environment, Canada is committed to applying enhanced security process and contract clauses to the acquisition of both products and services. The purpose of the Supply Chain Integrity Verification process is to ensure that all product, equipment, software firmware and services that are procured by SSC meet the required security and supply chain standards.

Bidder must provide the required documentation in Form 2A – Supply Chain Security Information Form, as applicable, to be given further consideration in the procurement process.

PART 3 BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

- (a) **Section I: Technical Bid**
- (b) **Section II: Financial Bid**
- (c) **SCSI Submission (Mandatory upon Contract award):** The Supply Chain Security Information (SCSI) required by Form 2A – Supply Chain Integrity (SCSI) Process should be submitted with the bid, but may be submitted afterwards. Bidders must include the SCSI form as per *Form 2A – SCSI form – IT Product List*, prior to Contract award. If any of this information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide this SCSI information under Form 2A within the time frame provided will render the bid non-responsive.

3.2 Section I: Technical Bid

- (a) In their technical bid, bidders must demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders must demonstrate their capability in a thorough, concise and clear manner for carrying out the work. The technical bid must address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed

- (b) **Substantiation of Technical Compliance Form:** The technical bid must substantiate the compliance of the Bidder and its proposed solution and products with the specific articles of Annex A (Statement of Work) identified in the Substantiation of Technical Compliance Form (see Form 3), which is the requested format for providing the substantiation. The Substantiation of Technical Compliance Form is not required to address any parts of this bid solicitation not referenced in the form. The substantiation must not simply be a repetition of the requirement(s), but must explain and demonstrate how the Bidder will meet the requirements and carry out the required Work. Simply stating that the Bidder or its proposed solution or product complies is not sufficient. Where Canada determines that the substantiation is not complete, the Bidder will be considered non-responsive and disqualified. The substantiation may refer to additional documentation submitted with the bid - this information can be referenced in the "Reference" column of the Substantiation of Technical Compliance Form, where bidders are requested to indicate where in the bid the reference material can be found, including the title of the document, and the page and paragraph numbers; where the reference is not sufficiently precise, Canada may request that the Bidder direct Canada to the appropriate location in the documentation.

3.3 Section II: Financial Bid

- (a) **Bidder's Quotation (Mandatory):** Bidders must quote firm unit prices, DDP destination, 78 Mount Bernard Avenue, Cornerbrook, Newfoundland and Labrador, Canada, A2H 5E9, delivery included, tax extra and Duty included (where applicable), for the deliverables specified in Annex B – Pricing Sheet. The Bidder is requested to fill in the bid prices at Annex B.
- (b) **All Costs to be Included:** All prices must include all costs for the requirement described in the bid solicitation for the entire Contract Period. The identification of all necessary equipment, software, peripherals, cabling and components required to meet the requirements of the bid solicitation and the associated costs of these items is the sole responsibility of the Bidder.
- (c) **Blank Prices:** Bidders are requested to insert "\$0.00" for any item for which it does not intend to charge or for items that are already included in other prices set out in the tables. If the Bidder leaves any price blank, Canada will treat the price as "\$0.00" for evaluation purposes and may request that the Bidder confirm that the price is, in fact, \$0.00. No Bidder will be permitted to add or change a price as part of this confirmation. Any Bidder who does not confirm that the price for a blank item is \$0.00 will be declared non-responsive.
- (d) **Product List (Mandatory):** Bidders must provide the part numbers for each item described in Annex B – Pricing Sheet.

PART 4 EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Technical Evaluation – Mandatory Technical Criteria:

Each bid will be reviewed to determine whether it meets the mandatory requirements of the bid solicitation. All elements of the bid solicitation that are mandatory requirements are identified specifically with the words "must" or "mandatory". Bids that do not comply with each and every mandatory requirement will be considered non-responsive and be disqualified.

4.2 Evaluation of Financial Bid

The financial evaluation will be conducted by calculating the Total Bid Price using the Pricing Table in Annex B completed by the bidders. Calculations will be based on the sum of all total prices for the deliverables specified in Annex B.

The price of the bid will be evaluated in Canadian dollars, Applicable Taxes excluded, DDP destination, Canadian customs duties and excise taxes included.

All prices quoted for products listed in the pricing table must include 12 months maintenance and Support.

4.3 Basis of Selection

Canada may, but will have no obligation to, require that the lowest evaluated price Bidder (identified after the financial evaluation) provide a sample of the goods that it has bid, to allow Canada to verify compliance of the product with any of the requirements of this bid solicitation or described in the bid. If required, the sample must be delivered, at no cost to Canada, to a location specified by Canada, within 3 working days of the Contracting Authority's request. Despite the written bid, if Canada determines as a result of examining the sample that the Bidder's proposed product does not meet the mandatory requirements of this bid solicitation, the bid will be declared non-responsive.

A bid must comply with all requirements of the bid solicitation to be declared responsive. The responsive bid with the lowest evaluated price will be recommended for award of a contract.

PART 5 CERTIFICATIONS

Bidders must provide the required certifications and associated information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority will render the bid non-responsive or constitute a default under the Contract

The certifications and Additional information listed below should be submitted with the bid, but may be submitted afterwards. If any of these required certifications or additional Information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certification or the additional information listed below within the time frame provided will render the bid non-responsive.

- Form 1 – OEM Certification Form
- Form 3 – Substantiation of Technical Compliance Form

5.1 OEM Certification

Any Bidder that is not the Original Equipment Manufacturer (OEM) for every item of hardware proposed as part of its bid is required to submit the OEM's certification regarding the Bidder's authority to provide and maintain the OEM's hardware, which must be signed by the OEM (not the Bidder). No Contract will be awarded to a Bidder who is not the OEM of the hardware it proposes to supply to Canada, unless the OEM certification has been provided to Canada. Bidders are requested to use the OEM Certification Form included with the bid solicitation. Although all the contents of the OEM Certification Form are required, using the form itself to provide this information is not mandatory. For Bidders/OEMs who use an alternate form, it is in Canada's sole discretion to determine whether all the required information has been provided. Alterations to the statements in the form may result in the bid being declared non-responsive.

If the hardware proposed by the Bidder originates with multiple OEMs, a separate OEM certification is required from each OEM.

For the purposes of this bid solicitation, OEM means the manufacturer of the hardware, as evidenced by the name appearing on the hardware, on all accompanying documentation, on mandatory certification reports, and on any support software. "Hardware" is defined as the assembled end product being proposed.

Bidder must provide the required documentation in Form 1– OEM Certification Form, as applicable, to be given further consideration in the procurement process.

5.2 Integrity Provisions – Required Documentation

Bidders who are incorporated, including those bidding as a joint venture, must provide a complete list of names of all individuals who are currently directors of the Bidder.

Bidders bidding as sole proprietorship, as well as those bidding as a joint venture, must provide the names of the owner(s). Bidders bidding as societies, firms or partnerships do not need to provide lists of names.

Bidder must provide the required documentation in Form 2 – Integrity Form, as applicable, to be given further consideration in the procurement process.

Annex A – Statement of Work

1.0 SCOPE

1.1 Identification.

The Royal Canadian Mounted Police (RCMP) “B” Division, requires the provision and delivery of one hundred and eighty-two (182) vehicle mounted large keypad cell phones with mounts delivered to RCMP “B” Division facility located at 78 Mount Bernard Avenue in Cornerbrook, Newfoundland in accordance to the requirement and the terms and conditions listed herein.

1.2 Background.

The Royal Canadian Mounted Police (RCMP) “B” Division, requires the provision and deliver of one hundred and eighty-two (182) cellular telephones that are able to be hard wired and mounted in police vehicles equipped with standard police emergency equipment. Vehicles will be subject to standard year-round weather conditions expected in the province of Newfoundland ranging from prolonged extreme cold temperature in the winter to excessive heat in the summer.

1.3 Purpose.

The purpose of this request for quotes is solely for the purchase of the devices. No installation or training component is required. Activations of the device will be addressed by a separate contract. This is for the purchase of the devices only.

1.4 Security

There is no security requirement associated for this requirement.

1.5 Deliverables

The deliverables shall be delivered no later than thirty (30) calendar days after the contract awarded.

2.0 APPLICABLE DOCUMENTS

2.1 General

The following documents of the exact issue shown form part of this SOW to the extent specified herein. In the event of conflict between the documents referenced herein and the contents of this SOW, the SOW shall take precedence.

2.2 Mandatory Requirements---Specifications

- Unlocked vehicle mounted large keypad cell phones with mounts
- Large button keypad able to be used with gloves
- Large fonts/display
- UMTS 850/2100 MHz or UMTS 900/2100 MHz
- GSM Quad Band
- Cellular Signal Booster – Inline Dual Band 800 MHz / 1900 MHz

- External Roof Mount Antenna ¾” NMO + Pogo Pin Connector
- 5 Watt to 10 Watt remote speaker mount including approximately 6ft (2M) cable with connector
- Privacy Handset included – wired to the harness not plugged into the phone body with 3ft (1M) coiled handset cable
- 12 Volt Power with ignition sense that connects to vehicle electrical system
- Adapter - FME (male) to booster connector (Our antenna cable end is ‘female’ FME)
- Extreme temperature tolerance

2.3 Mandatory Requirements---Standards

Must comply with Federal Communications Commission (FCC) and Innovation, Science and Economic Development (ISED) Canada regulations.

Annex B – Pricing Sheet
(See Attachment Annex B)

Annex C – Resulting Contract Clauses

(See Attachment Annex C)

Form 1 - OEM Certification Form

Bidders are requested to complete the following OEM Certification Form and submit with your bid.

Form 1	
OEM Certification Form	
This confirms that the original equipment manufacturer (OEM) identified below has authorized the Bidder named below to provide and maintain its products under any contract resulting from the bid solicitation identified below.
