Amendment #4 is issued to answer potential bidder's questions.

Question #1:

In the 3rd amendment you mentioned the Sharp as a replacement of Microsoft Surface Hub. Could we propose a better alternative than the interactive sharp board: A solution that offers the same features as Microsoft Surface Hub but also provide collaborative tools for local and remote users whatever their devices are (Mac, PC, Android, IOS) ?

Answer #1:

Yes. We will accept equivalent or better than the Sharp interactive display.

Question #2:

Should we make the suggestions / substitutions of products to the Contracting Authority prior to the closing solicitation date and provide the required information for these products.

or

Should we just substitute the suggested / substitution products in the Appendix A room lists + Annex D for pricing and provide the required information with our offer submission. If so, what are your guidelines and how do you want us to include the substitution products information in our offer submission (In a separate Appendix or Annex for example)

Answer #2:

Bidders may substitute the suggested / substitution products in the Appendix A room lists + Annex D for pricing and provide the required information with their bid submission and provide manufacturers specification sheets specifically highlighting the areas where the suggestion meets or exceeds that outlined in the bid solicitation in an Annex to their technical bid.

All other terms and conditions remain the same
