REQUEST FOR QUOTATION AMENDMENT NO. 001

Request for Quotation Amendment no. 001 is raised to answer vendor questions.

Question 1

In order to make sure our solution is the best for your needs, it is possible to tell us the main application(s) for which these workstations will be used?

Answer 1

Workstations will be used to process digital evidence using COTS computer forensic applications. The primary application for which we are seeking to optimize this workstation for is XWays Forensics.

Question 2

The chassis requirement asks for a minimum 6 internal hard drives bay. Then the requirements ask for 2 front accessible drive bays. How many concurrent drives would you be looking to install at a maximum? How many of those would be internal and how many would be front accessible?

Answer 2

Total 6 frontal accessible drives (2 x 2.5" & 4 x 3.5") and six internal drives (2 x M.2, 2 x 3.5" & 2 x 5.25")

Question 3

For the physical dimension of the computer, you ask for 9" W x 21.5" D x 20" H. As long as the final requirements are met, would you be willing to accept the following dimensions?

165mm/6.5" W x 460mm/18.1" D x 440mm/17.3H

Answer 3

No, this is a minimum case dimension.

Question 4

You ask for 2 front facing drive cages. One that can accommodate 2x 2½ drives and one that can accommodate 4x 3½in drives. We believe this was supposed to be 2x 2½ and 1x 3½ respectively. Is that correct?

Answer 4

No, the requirement is for a support of a total of six drives with frontal access.

Question 5

The models we want to propose have 4 front facing USB 3.0 ports and back USB 3.1 ports, is that acceptable?

Answer 5

No, a Thunderbolt port is required.

Question 6

As long as the proposed solution can support up to 6 hard drives, multiple m.2 SSDs and the required graphics card, would a 900W power supply be acceptable?

Answer 6

No, 1000W is the minimum requirement.

ALL OTHER TERMS AND CONDITIONS OF THE REQUEST FOR QUOTATION (RFQ) REMAIN UNCHANGED.
